**To:** Stavros Kalaitzidis

**Subject:** Fwd: WG Coke Petrography exercise part 2

## Dear Colleagues,

I would like to inform you that the Second Round of Proficiency Testing concerning Coke Petrography analysis, STARTED!

This time you will need to measure minimum and maximum reflectance and optical textures according to the instructions you will receive with the samples.

Samples will be sent in form of polished blocks by the end of February. After posting the samples I will send you another email with general instruction.

You are invited to participate! You are already registered in platform EBOU <a href="http://ichpw.net/ichpw\_bb\_multi/ebou/ebou\_login.php">http://ichpw.net/ichpw\_bb\_multi/ebou/ebou\_login.php</a>.

Just log in selecting **P/1/2019-B** in the SELECT Proficiency Test menu and apply for samples by clicking "Sample order" in "Application for Participation" tab!

## If you are not registered yet, see instructions below:

To register as a new participant, use the "New User Register Form" and follow the prompts generated on the pages of the platform (http://ichpw.net/ichpw\_bb\_multi/index.php).

Choose the English language. Pay particular attention, so that the contact e-mail is correct. This e-mail will be used after registration to send your login and password. If you want to change your password you can do it in "Participant Data" tab after registration. Use the login and password to log in to the platform using Participant Electronic Service Login or click directly the link

(http://ichpw.net/ichpw\_bb\_multi/ebou/ebou\_login.php).

Select Proficiency test named P/1/2019-B, and enter the login and password.

After that, check your details in "Participant Data" tab and apply for participation in the round using "Application for Participation" tab.

Please do forward this email to colleagues who would like to participate, even if they are not ICCP members.

Best regards, Małgorzata Wojtaszek --
